iLevel Solutions' Article Published in Private Equity Manager Special Report on Portfolio Monitoring

Article Provides Insight into Challenges, Best Practices and Solutions related to Portfolio Monitoring

New York, NY (November 9, 2009) – iLevel Solutions, a leading provider of portfolio performance analysis and reporting solutions, today announced that an article titled “The New Age of Information” has been published in the October, 2009 Private Equity Manager Special Report on Portfolio Monitoring.

The October issues of Private Equity International, the Global Magazine for Private Equity and PEI Manager, the premier publication for CFOs and COOs of private equity firms globally, included a special supplement exploring how to best approach the vital task of monitoring and analyzing financial metrics across portfolio companies. The iLevel Solutions article explores a core set of problems, requirements and opportunities related to effectively managing portfolio information.
